Come and experience a demonstration of a hearing aid like no other!

The Hearing Aid Everyone is Talking About

In a series that began with the world's first Made for iPhone® hearing aid, ReSound LiNX 3D™ is the newest Smart Hearing™ aid from ReSound. Because it's up to 50%† better at identifying speech in various environments*, you will hear up to 80%†† more of what's around you** and understand up to 40%†† more speech in noise** while enjoying best-in-class streaming and control with the new ReSound Smart 3D™ app

†Compared to other premium hearing aids. ††Compared to premium hearing aids with narrow beamforming. *Groth (2016) **Jespersen et al. (2016)

- Clarity of sound for extraordinary speech understanding
- Automatic environmental adjustments for optimal listening pleasure
- Aggressive noise reduction to improve comfort in the most challenging listening situations
- Discrete and virtually invisible
- Water resistant and durable to extend device life and performance
- Packaged to connect wirelessly to the sounds that matter most
