 iPod  iPhone  iPad

Oticon ON

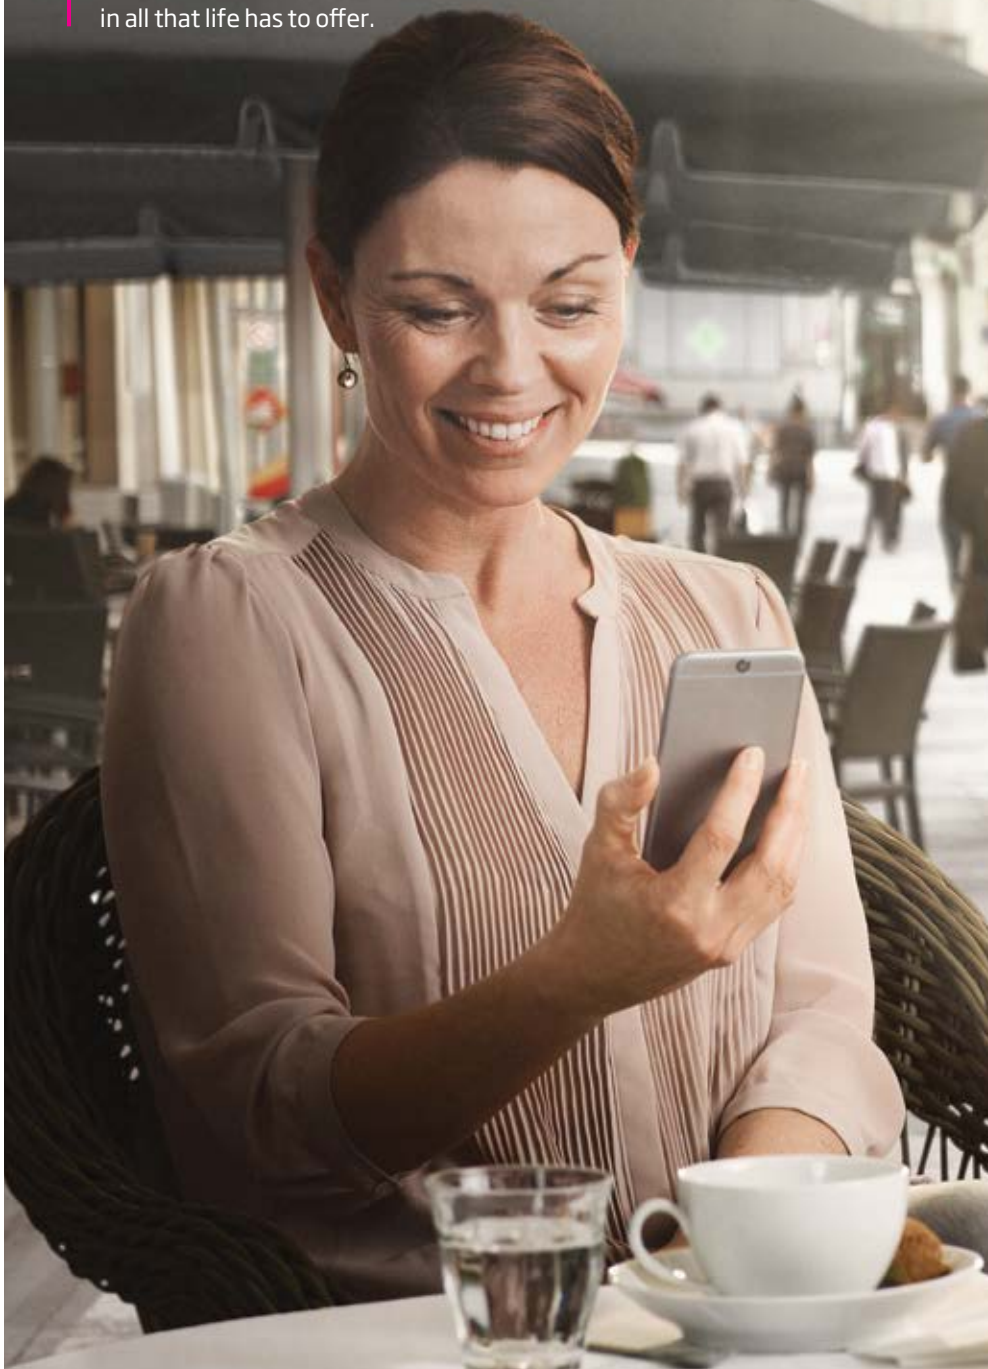

Oticon ON App lets you choose what you want to hear and adjust the sound. It also offers a low battery notification and more. Download the free app on the App Store® and on Google Play.™

Oticon Opn and Oticon ON App are compatible with iPhone SE, iPhone 6s Plus, iPhone 6s, iPhone 6 Plus, iPhone 6, iPhone 5s, iPhone 5c, iPhone 5, 9.7-inch iPad Pro, 12.9-inch iPad Pro, iPad Air 2, iPad Air, iPad (4th generation), iPad mini 4, iPad mini 3, iPad mini 2, iPad mini, and iPod touch (5th and 6th generation). Devices must be running iOS 9.3 or later. The app also supports Apple Watch. When downloading the Oticon ON App on iPad, search for iPhone apps on the App Store. Oticon ON App is compatible with devices powered by Android™ 6.0, Marshmallow or above. Please visit www.oticon.com for more details on compatibility, or see the description for Oticon ON App on the App Store® and Google Play™.

Stay in touch.

Oticon Opn™ offers conveniences that allow you to use your hearing aids while you participate in all that life has to offer.

TV and music

Even with the best hearing aids it can sometimes be difficult to enjoy your favorite TV show or fully appreciate all the details of the latest movie.

The TV adapter streams stereo sound straight to your hearing aids at the volume you choose. In effect, this turns your hearing aids into wireless stereo headphones.

- Direct streaming to your hearing aids
- Up to 15-meter range
- Stereo
- Dolby Digital®

Remote control

With complete discretion you can regulate volume, change programs or simply turn off your hearing aids.

- Discreet
- Adjust volume
- Choose programs

Craft your own connections.

Through a unique Oticon cloud solution, Oticon Opn™ can be linked to the If This Then That (IFTTT) network. This allows users to connect to and control an endless range of devices used in everyday life.
