# Value never sounded so good!

# ReSound

rediscover hearing

ReSound Vea™ uses the latest technology to meet your fundamental hearing needs. It helps you hear better, even in noisy places. It's easy to use, comfortable and water resistant. Your hearing will improve and so will your quality of life.

We asked people what they thought about their Vea hearing aids. The answer? Value never sounded so good!

*I'm able to follow the conversation better when my family gets together.*

*I really appreciate a water resistant hearing aid, especially when I'm working out.*

## A simple solution

Vea is ReSound's newest 100% digital and affordable hearing aid. Offering a full variety of styles and features you won't find anywhere else, Vea can address your individual hearing loss. It's the simple solution for you!

## Vea is easy to use

ReSound Vea is easy to use. You can easily control the volume and adjustments yourself, so they're always just right for you. ReSound Vea is both comfortable to wear and easy to handle.

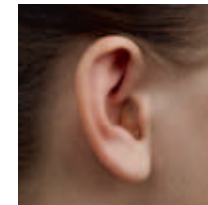

## Vea is durable

Vea features ReSound's iSolate™ nanotech coating. It protects your hearing aid against humidity, so they're longer lasting. There is no better way to protect your investment.

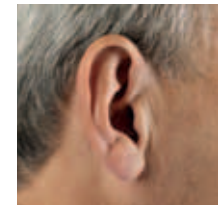

## Vea and you

ReSound Vea comes in a variety of models and colors to suit your needs and preferences. With many models – from miniature custom models that fit discreetly inside your ear, to more traditional models built for greater degrees of hearing loss.
